### **PLEDGE OF ALLEGIENCE**

### **PUBLIC COMMENT ON AGENDA ITEMS ONLY**

### **APPROVAL OF WORKSHOP & REGULAR MEETING MINUTES**

### **APPROVAL OF BILL LIST**

### **PRELIMINARY/FINAL PLAN**

**Proscapes** – Planning Commission recommends conditional approval of plan pending the following issues:

- An owner's acknowledgement needs to be executed.
- An As-Built plan is required.
- Bonding of site improvements is required.
- It should be discussed if a topsoil stockpile and grading in the township road right-of-way will be permitted.
- It should be shown that the spillway can safely handle the 10-year flow neglecting any infiltration capacity.
- The holding tank overflow of 718.25 in the report does not correspond to the detail on sheet SWM2. The orifice sizes differ as well. Please review differing elevations between the tank summary in the report and the tank in plan view.
- Additional proposed contour elevation labels should be included for plan clarity.
- A Stormwater Management Operations and Maintenance Agreement will need to be executed and recorded with the plan.

Kalathas – Mini Storage Units: Update
