

IMPORTANT INFORMATION ABOUT YOUR DRINKING WATER FAILURE TO SUBMIT RTCR REPORT

ESTE INFORME CONTIENE INFORMACIÓN MUY IMPORTANTE SOBRE SU AGUA DE BEBER. TRADUZCALO
O HABLE CON ALGUIEN QUE LO ENTIENDA BIEN.

Reporting Requirements Not Met for FRANKLIN TOWNSHIP MUNICIPAL AUTHORITY

We violated a drinking water reporting requirement.

- We failed to submit a laboratory monitoring report after properly conducting monitoring in a timely manner.
- We failed to submit a completed assessment form after properly conducting the assessment in a timely manner.
- Our seasonal noncommunity water system failed to submit certification of completion of a state-approved start-up procedure. Our written records show start-up was performed and sampling showed no contamination.

What should I do?

There is nothing you need to do at this time. You may continue to drink the water.
If a situation arises where the water is no longer safe to drink, you will be notified within 24 hours.

What happened? What was done?

The routine coliform sample for June 2025 had to be recollected later in the month due to a laboratory error. As a result, the monitoring report was not submitted to PA DEP within the required timeframe. The laboratory monitoring report was submitted to the Pennsylvania Department of Environmental Protection on 08/11/2025, and all required monitoring has since been completed.

For more information, please contact Negley's Water at 717-593-7950

Please share this information with all the other people who drink this water, especially those who may not have received this notice directly (for example, people in apartments, nursing homes, schools, and businesses). You can do this by posting this notice in a public place or distributing copies by hand or mail.
